**Electrical Safety program
120 Volts to 7200 Volts**

Live Line Demo, Inc.

Electrical safety program that demonstrates live contact with **7200 Volts!!!**

SAFETY FIRST!!!

THIS DEMONSTRATION COULD PREVENT ACCIDENTS AND SAVE LIVES

EMPLOYEE SAFETY MEETING

In just the time it takes for a company's safety meeting, employers can arm their employees with information that could save their lives, and the lives of their co-workers, friends or family members. The dynamic presentation includes NFPA 70E training, OSHA regulations, a live lockout/tagout program and specific instructions on OSHA's minimum approach distance to overhead power lines.

FIRE DEPARTMENT TRAINING

Through this 2.5 hour presentation, fire departments and emergency response teams learn to react quickly and safely to emergencies involving electricity. This comprehensive demonstration includes policies and procedures for utility disconnects.

SCHOOL ASSEMBLIES

School assemblies, ages fourth grade and up learn to respect the power of electrical lines through this very dynamic, fun and educational program. Because of its energetic delivery, this demonstration has amazing information retention levels.

COMMUNITY EVENTS

Because of its unique, fun and exciting presentation, the Live Line Demo is a sure way to add a spark to your fair, festival, carnival, farm day, etc.
